

# MENU

This half term our topic is Impressive Inventions. Much of this homework links to the topic, some activities are designed to take longer than others. Evidence in the books can be in a variety of forms; writing, photographs, drawings or any other forms of evidence you can think of! Please choose an activity each week to complete.

Once you have completed an activity, colour in the box and date it.

<p>Research an invention and inventor.</p>	<p>In maths we are looking at numbers. Can you find numbers around your house or when visiting different places.</p>	<p>Complete an activity on Purple Mash. The login details are in your planner.</p>
<p>Use a search engine to find out about a topic of interest. What question did you ask? What did you find out?</p>	<p>In science we are looking at experiments, can you conduct an experiment at home. What did you find out? Here are some ideas:  <a href="http://www.sciencekids.co.nz/experiments.html">http://www.sciencekids.co.nz/experiments.html</a></p>	<p>In English we are looking at explanation texts. Can you explain how something works?</p>
<p>Create your own invention. You could draw your invention or make a prototype.</p>	<p>Use a map and find the places you have visited on holiday. How did you travel to the destination?</p>	<p>Read a book on Bug Club and answer the questions by clicking on the bugs.</p>
