## Key Stage One News

This half term Class 1 will be continuing their topic on the Seaside.

In history we will be finding out about seashores and in art we will be creating aquariums. Our science work will consist of a research project looking at animals that live under the sea. In music the children are practising seaside

songs that will be performed at the final special mention assembly.

Our final school trip this year will be to the Living Seas Centre at Flamborough Head,

whilst there we will go on a seaside safari and learn about sea waste.
